

FLIP 2

Wireless Portable Stereo Speaker

Next generation for more power, more portability.

The award-winning Flip 2 wireless portable speaker from JBL brings rich sound into your portable digital lifestyle, for all your wireless phones and tablets. Engineered with JBL aptitude and attitude, the Flip 2 uses two drivers and a built-in bass port. This gives dynamic depths to your listening experience and adds crispness to vocals. All this, in a speaker that fits in your hand. And because sometimes your phone is for more than music, the Flip 2 has built-in microphones and SoundClear® echo and noise cancellation technologies, so you can use it as a hands-free speaker phone and never miss a word. JBL Flip 2 - the wireless, portable, rechargeable battery powered speaker that is an all-terrain party you can carry in the palm of your hand.

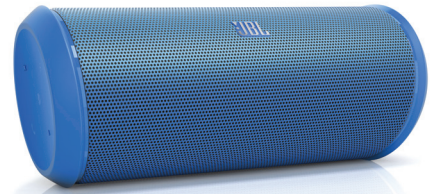

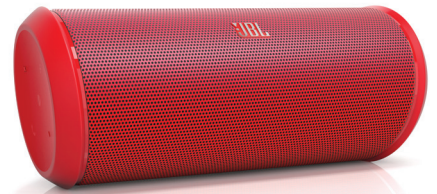

- ▶ Built-in bass port for full range sound
- ▶ NFC for quick Bluetooth® pairing
- ▶ 5-hour Li-ion battery
- ▶ Equipped with SoundClear® echo and noise cancellation
- ▶ State-of-the-art microphone

FLIP 2

Wireless Portable Stereo Speaker

Features

Dual drivers and a built-in bass port

Dual 40 mm drivers and a custom tuned built-in bass port for faithful sound reproduction so you never miss a word in your favorite music, no matter what volume you play your music.

SoundClear® echo/noise cancellation and custom microphone

Patented SoundClear® echo and noise cancellation and a built-in custom microphone further reduce sound background noise and distortion so your phone calls come through crisp and clear on the Flip 2 speakerphone at any volume.

Bluetooth wireless streaming and connectivity to all portable devices

Stream music from any portable smart device to the Flip 2, its that simple. With easy Bluetooth® set up with NFC and stable Bluetooth® coaction, the Flip 2 serves all your portable music needs and is connectable to two separate smart-phones, tablets, laptops, and more.
