

DCN multimedia System Cable Toolkit

www.boschsecurity.com

BOSCH
Invented for life

- ▶ Robust toolkit case
- ▶ Tool shaped foam interior
- ▶ Contains two high-quality and unique tools for attaching DCN multimedia system connectors

The DCN multimedia System Cable Toolkit contains two unique tools for attaching the DCN multimedia system connector to a custom made length of system installation cable. One tool is used for connecting the two power wiring contacts and the other tool is used for connecting the eight contacts to the four CAT-5e twisted pairs signal wires of the system installation cable.

The tools are delivered in a robust case, which ensures for adequate protection of the two tools during transportation and storage.
