

EM-362

Neck-worn Microphone

*Say goodbye to unnecessary
noise during prayer*

The EM-362, neck-worn microphone is designed specially for mosque (Imam) use during prayer. Its unique design suspends the microphone in front of the speaker's mouth optimizing speech pick up and avoiding being brushed against by the movement of body during prayer creating unnecessary noise. Microphone positioning made easy with the flexible shaft. High sensitivity and wide-range frequency response ensure sound clarity whether user is standing or in praying position. Microphone has the option to operate either with 2 x "AAA" battery or phantom power. There is an ON/OFF switch allowing user to switch on and off the microphone when needed.
